PORT BOARD TO CONTROL DEEP WATER FACILITIES

Separate Commission Made Up of Citizens Having Knowledge of Shipping Matters Proposed in Charter Amendment

Redwood City's port facility, if created by success of a \$266,000 bond issue June 11, will be in full charge of a board of five port commissioners, Mayor Paul McCarthy pointed out today.

These commissioners will be appointed by the city manager free of political consideration and are subject to ratification by the city council.

Terms of offices will be for five years so that each port commissioner will serve beyond the life of the term of any one councilman. Any member may be removed by a 5-7ths vote.

No pay is provided for the port commissioners.

ECONOMY PROVIDED

Economical and efficient operation of the port facility is provided for, and budget control will be exercised by the elective city council, Mayor McCarthy points out.

Complete and exclusive jurisdiction of the "port area" is conferred on the commissioners and their acts must be done by ordinance or resolution.

The port commission is empowered to appoint a port manager and such additional employees as may be necessary in the "efficient and economical carrying out of its functions."

Legal advice will be furnished by the city attorney.

Coordination of activities with the city council and city manager is required, the mayor declares.

MUST SUBMIT BUDGET

The port commission is directed to prepare and submit to the city council an annual budget of anticipated income and necessary expenditures, but the amount of the budget is controlled by the city council, which body alone can prescribe the amount to be provided in the annual tax levy.

Moneys appropriated to the port commission and all income from the operation of the port and its facilities, including net income from leases of harbor lands, will remain in control of the commission.

The city council will provide a working fund of \$1,000 for the first fiscal year.

Before erection of any building or other structures in the port area a building permit must be obtained from the commission. Safeguards and regulations on the power of the commission to

ARGUMENTS STATED

Some of the arguments in favor of the separate port commission, as prepared by Mayor McCarthy, are:

"(a) The duties are sufficiently new, complex and different from those of the city council to justify a separate board whose members can devote more time to problems that are sure to arise than could the city council.

"(b) The personnel of the board can and will include citizens who have had experience either in marine transport, shipping, industrial management, or in the naval or military service of the United States, and who have some leisure and a willingness to devote their talents to a new public enterprise of large potential significance.

"(c) An appointive board insures an opportunity for a thorough canvass of all eligible candidates to select the best citizens for membership upon a commission whose duties are somewhat special and therefore require men with some technical knowledge of the tasks before them. Often the best men will not 'run for office' but will serve if appointed for a term sufficiently long to enable substantial results to be accomplished through continuity of sound policies.

"(d) The board will have both policy-making and administrative powers over an important public undertaking which will require vision in making plans for future development balanced with good common sense as to economies in the first years of construction, promotion of business and development of contacts with industrial and transportation interests.

"(e) Economic and business aspects of the commission rather than political aspects should characterize it. These objects make it proper to insulate the Commission from mere political consideration in the performance of its duties and the exercise of its powers. The U. S. Army and Navy, whose cooperation makes this port possible, and upon whom this community will be dependent for future appropriations for its further reasonable development, prefer port administration in a commission with adequate power and independence.

"(f) Budgetary control by the popularly elected city council insures the taxpayers against un-

County Orders Power, 'Phone Tax Inquiry

2% Gross on Earnings Sought; Cities Will Share in Funds

Collection of utility franchise taxes dating back 39 years and expected to net the county thousands of dollars if successful was referred by the board of supervisors to District Attorney Gilbert Ferrell Monday for recommendation. Both electric and telephone franchises will be investigated.

City Attorney John Davis of Burlingame, here to request that the county make the collections so that Burlingame may get its share, said that the Riley-Stewart act made this one of the county's duties.

Supervisor Albert Witt Jr., Colma, said that he has been after the franchise taxes for the past three years without success. It was on his motion that the matter was referred to Ferrell.

Asst. Dist. Atty. Daniel Sullivan revealed to the board that the Pacific Gas & Electric Company is operating under three "free" franchises granted to different parties, one of which dates from October 4, 1897 and runs to October 1, 1947.

Sullivan said the company is also operating under a fourth franchise, covering the northend, which requires a 2 per cent tax on gross earnings. He said nothing has yet been paid on this franchise.

Davis said the statute of limitations will not run against the county on the collection of these taxes.

Justifiable expenditure of public funds, and requires economy and efficiency in the management of the port. The council may also remove one or more members of the commission by a five-sevenths vote.

"The port commission and port manager should function as well in matters within their province as the city council and city manager have functioned in general municipal affairs for seven years since the adoption of our charter. This form of governmental organization promotes efficiency and economy in public business comparable to that in well managed private corporations.

"An intelligent, planned development of privately owned waterfront property is assured by giving the port commission control of the issuance of necessary permits for the construction of any wharf, dock, pier or other structure within the 'port area,' which is defined in the amendment. (Secs. 49, 50). No shack or 'eyesore' should ever be tolerated on the water-front."

Cooking School Now at Ward's

Can you cook a whole meal in 15 minutes? Can you roast a chicken in 25 minutes? Can you can 11 quarts of vegetables in one day without danger of spoilage? And can you save money on all this?

If your answer is "no" to any of these questions, you will learn that the answer can be "yes" by attending the Montgomery Ward cooking school, according to the authority on pressure cooking who will give instructions at the school. This school opens at the Ward store at 2 p. m. daily and will continue throughout the week. The instructor will show housewives of the peninsula, and all who are interested in the advantages of cooking and canning by the pressure method.

"The housewife who values her time, her budget and her family's health," said J. H. Nielson, the instructor, in commenting on the school, "can learn how to guard all three with the interesting information which we have on hand regarding pressure cooking methods."

In a recent film fans' ballot, Charles Laughton headed the popularity list of British actors, gaining nearly twice as many votes as George Arliss, who ranked second.

Cake Baking Contest Open To Women

A word to the wise was said this morning by Miss Mildred A. Proctor, home economics instructor at Sequoia high school.

It concerned causes of failure in cake making, subject always important to men and especially to women now that a genuine old-fashioned cake baking contest is to be staged June 9 at 7:30 p. m. at firehouse auditorium under the auspices of the Redwood City Lions Club in co-operation with The Tribune.

Miss Proctor, who with Bert Nygren of the Peninsula Bakery and Mrs. Thomas W. Cutting, will judge the cakes, listed the following causes of failure in cake-making, and the housewives, or girls, or even men if they want to compete with the women for the prizes offered, will do well to take note: Heavy cakes, Miss Proctor said, are caused by falling during baking, owing to jarring, or the use of too little flour.

If too much flour is used, though, a dry or bread-y cake results which cracks open on top.

Coarse grained cakes are caused by too much leavening, insufficient mixing of ingredients, or baking in too slow or too quick an oven.

Then too much sugar may make a cake break in pieces readily, Miss Proctor concluded.

Prizes for the contest open to everyone included cash awards of \$7.50, \$5 and \$2.50, as well as merchandise awards given by local merchants.

'Mr. Deeds' Continues At Redwood Theatre

"Mr. Deeds Goes to Town" is taking Redwood City by storm just as it has swept the nation in popularity, according to reports from the Redwood Theatre where it is now playing a limited engagement.

The stars in the picture are Gary Cooper and Jean Arthur. Every night has seen capacity houses at the Redwood and with only a few days showing left it is expected that seats will continue to be at a premium.

There will be two shows nightly and Saturday there will be a continuous show beginning at 1:30 p. m.

Added to the program on Saturday will be "Adventures of Frank Merriwell," a thrilling serial.

Canadian Seeks Post As City Manager Here

From Woodstock, New Brunswick, Canada, came an application today for the city manager position in Redwood City which Engineer Charles L. Dimmitt is filling temporarily.

The applicant is A. Gordon Bailey, town manager of the city for the past three years. For 10 years previous to becoming city manager, Bailey was manager of the Woodstock Electric Railway, Light and Power Company, a private corporation, he stated in his application. He is 44, and married.

PORT SLOGAN CONTEST SET; \$10 OFFERED

Deadline Also Nearing On Harbor Essays Due Saturday

EXCHANGE BOOSTS PORT
Redwood City Exchange Club last night unanimously endorsed the proposed harbor development for Redwood City. The club took its action on motion of Wilbur Dextee and second of J. A. Buhler. Expenditure of funds for boosting the project was approved.

Wanted: A slogan for the Redwood City Harbor campaign!

A prize of \$10 is being offered by the Citizens Harbor Campaign Committee for a "short and snappy" slogan that can be used which will describe the benefits of port development to Redwood City. The prize was posted by A. B. Cheatham, Broadway merchant. Anyone may enter the contest. Slogans must be in by June 3 at noon. They should be mailed to or left at the chamber of commerce.

Benefits seen from the port development are new jobs and payrolls through utilization of now idle tidelands by industries in the general expansion program being experienced; new commercial life and activity within the city created by the operations of the seaport, enhanced values of property within the city in the demand for now empty holdings and greater values of the tidelands through development so that industry will share with the homes the cost of government, cheaper rates and substantial savings to shippers and receivers of goods.

The slogan contest is a companion move to the essay contest launched last week for high school students and for which prizes of \$30 were posted. Essay entries must be in the hands of judges by this Saturday—May 30—at noon. Essays should be brought or mailed to the chamber of commerce or Tribune offices.

Board Seeks Sign Removals UP TO 90 CENTS PER TON On Bayshore

'Walled In' Section Of 11 Panels Stirs County Protest

Efforts to secure the removal of billboards on the Bayshore highway after revelation that 11 panels are in place in one quarter-mile stretch near Brisbane and completely "wall in" the landscape were ordered by the board of supervisors Monday.

The board split 3 to 1, with Supervisor Fred Beer, San Carlos, supporting the billboards, and Supervisor John Poole, Redwood City, declining to vote.

3 SUPPORT REMOVAL

Supervisor Albert Witt Jr., Colma, and Board Chairman Manuel Francis and Supervisor Walter High, Burlingame, voted to secure the removals.

Witt charged that the billboards were a menace to safety on the highway and were one of the reasons it has had so high a traffic toll. He pointed out that billboards have their value in attracting attention and if they succeed they take the eyes of motorists off the traffic.

Beer said that billboard interests had kept the panels off the scenic boulevards, like the Skyline, and insisted on their right to maintain the signs on commercial avenues like the Bayshore.

STATE BACKS TAX

In a resolution which Witt presented, and which carried in the 3 to 1 vote, the cooperation of the outdoor sign companies and outdoor sign users in eliminating the panels will be sought. Cities of the peninsula and San Francisco will be asked to join.

The Lomita Park Woman's Club backed the movement for elimination of the billboards.

Witt secured the adoption of a resolution by the State Supervisor's Association at Eureka last week-end seeking to have the state law changed so that counties could tax the boards.

Supervisor Witt also secured the association's cooperation in seeking state and federal funds for beach acquisitions, and that return of traffic patrols to county control be provided.

Stockton Court Gives R.C. Youth \$12,529 Award

Harold L. Rogers, 19-year-old Redwood City youth who is a student at the College of Pacific in Stockton, today possessed a \$12,529 judgment, awarded him in Stockton last week by a jury for injuries received when he was knocked to the pavement by a truck driven by Harold Poppiano of that city.

Co-plaintiff in the action was Harold C. Rogers, father of the boy and appointed guardian for the suit, to whom approximately \$500 of the amount will go for medical costs incidental with the boy's injury.

Young Rogers is suffering from an injured leg and knee. The accident occurred in January.

PORT WILL SAVE PACKERS UP TO 90 CENTS PER TON

Sutter Firm at Palo Alto Tells Prospects For Savings in Shorter Haul to R. C. Over Oakland Or Richmond Harbor

Savings of 90 cents per ton by the use of the Redwood City port facilities would be accomplished by valley shippers, the Sutter Packing Company, canners of fruits and vegetables, of Palo Alto, reported today to the Citizens Harbor Campaign Committee.

The firm, which packs among other things peaches from Sutter county, described as the "peach bowl of the world," has its plant at Mayfield.

Present rail and truck rates from Mayfield to San Francisco are \$1.50 per ton, according to W. C. Downey, of the Sutter firm.

"It is our belief," Downey declares, "that merchandise can be hauled from Mayfield to Redwood City at a cost of approximately 60 cents per ton."

The firm shipped 315,000 cases (7,875 tons) of canned goods from San Francisco bay via water to various destinations.

Mr. Downey's letter follows: "In compliance with your request we are pleased to advise that during the past year, out of a total of 514,000 cases shipped 315,000 cases (7,875 tons) of canned goods were shipped by us from San Francisco bay via water to various destinations. 50,000 cases were shipped to the United Kingdom. Approximately 150,000 cases to Atlantic coast ports, and approx-

imately 5,000 cases to Gulf of Mexico ports and 110,000 cases to various Pacific coast ports, including San Diego and Los Angeles. All of this merchandise was either drayed or shipped by rail to the various San Francisco and East Bay terminals for forwarding.

"The present rail and truck rate from Mayfield to San Francisco is \$1.50 per ton.

"In the event that Redwood City is able to construct at Redwood City Harbor sufficient facilities for handling freight for inter-coastal, coast-wise and European carriers it would be a material saving for us to handle a good portion of our shipments through Redwood City. It is our belief that merchandise can be hauled from Mayfield to Redwood City at a cost of approximately 60 cents per ton."

County Workers Lose Fair Share Of Pavilion Jobs

William J. Logue, business manager of the county Journeymen Plumbers and Steam Fitters' Union, appeared Monday at an afternoon session of the board of supervisors to protest that county men were not receiving a fair share of the labor on the \$1,000,000 Visitation Valley agricultural pavilion.

His protest led to Supervisor Albert Witt moving, Supervisor Fred Beer seconding and the motion passing unanimously, that WPA officials in San Francisco, the state architect and Charles Sooy, president of agriculture district I-A, be reminded of the proviso in the \$50,000 appropriation ordinance for the pavilion that labor should come from San Mateo county until this county's resources were exhausted. It was also agreed that this proviso be incorporated in the plans and specifications.

Among other business before the board, the county executive and county engineer were ordered to investigate and make a report on the possibility of consolidating all county lighting districts with a view to securing uniform rates.

This was moved by Supervisor Witt, seconded by Supervisor John Poole and carried unanimously after a letter from Neil Schultz had been read requesting the annexation of Millbrae Highlands to the Millbrae Lighting District.

Final Rites Are Held For Joseph Kettlewell

Last rites were held Monday afternoon from the James Crowe Company for Joseph A. Kettlewell, 89-year-old retired Redwood City resident, who died Saturday night at the home of a daughter, Mrs. Bruce K. Frost, 58 Turnworth street.

Cremation followed at Cypress Lawn Memorial Park.

Mr. Kettlewell, who came to California 73 years ago and who had lived in Redwood City for several years, was the husband of the late Helen A. Kettlewell. She died here two years ago at the age of 87. He was the father of John E. Kettlewell.

Anderson Rebreaks Injured Left Leg

SAN CARLOS, May 25.—Carl W. Anderson, Burlingame attorney, who was still convalescent from a broken knee-cap, slipped and fell Saturday on the porch of his San Carlos home, breaking the same injured left leg above the knee. He is being treated at Mills Memorial Hospital.

The earlier injury was incurred in an automobile crash a year ago near Sacramento where Anderson, Coroner William Crosby and Supervisor Walter High were hurt.

Contestants Losers In Two Vote Appeals

Two of the county's three municipal election contests were settled today, both unfavorably for the contestants. A third, that of Louis A. Barrett of Belmont, still is pending.

Recount of San Bruno's election, which was protested by John Zarro, defeated candidate, revealed a few minor discrepancies but did not change the results of the election.

Lack of evidence late Monday caused Neil B. Taylor to dismiss his suit brought against Matthew Parker as the result of the vote in Bayshore City. Atty. Frank V. Kingston, who represented Taylor, said that "the evidence did not materialize, as we thought it would."

Drain juice from a can of peach halves. Invert, or place hollow side up, as you prefer, one peach half on each serving place, and cover with chocolate cream made by whipping 1 cup of cream with 1/3 tablespoon of sugar and 1 ounce (1 square) of bitter chocolate which has been melted over hot water. The melted chocolate must be added very slowly. Blend together and garnish with graham cracker crumbs and top with a maraschino cherry.

Fill the centers of the peach with orange marmalade, either plain or mixed with chopped and browned nuts. Set a second peach half on this so that it looks like a whole peach. Brush over the outside with the unbeaten white of egg and dredge with granulated sugar. Set in a very hot oven (450 degrees) to glaze. Serve with fruit syrup slightly thickened and heated.

ASK ABOUT AMAZING OPPORTUNITY TO SECURE WM. A. ROGERS AT PLUS QUALITY SILVERWARE

**\$20,000 for Injuries
Sought in Two Suits**

Damages totaling \$20,000 were sought in two actions, both resulting from automobile crashes, on file in superior court Tuesday.

Miss Laura H. Bruce, passenger in a machine involved in a three-car crash on El Camino Real a year ago tomorrow, seeks \$5,015 in suit brought by Atty. Charles A. Gale against Harry L. Miller,

James L. Porter and George G. Warden.
Robert G. Walker, on behalf of his son, Wesley, 11, brought the other action, through Atty. James Sykes, against Emilio Dentoni, as the result of a crash near Mills Field on March 22. He seeks \$15,000 for injuries suffered by the boy.

More than 50,000 tung trees have been planted in the Beaumont, Tex., area during the past year and more than 100,000 seedlings were started.

THE LIFE OF THE**PICNIC**

Nearly everyone will spend Saturday or Sunday in the great outdoors on a picnic with friends or the family. This means that you'll need a great many items for tasty lunches that will please the crowd.

When you're doing your marketing for these open-air meals remember these necessities: Zesty mayonnaise, piquant pickles, olives, sandwich spreads, paper napkins, cooling beverages and cold meats as well as a dozen other things.

Your Safeway grocer is specializing in such items these days . . . at real economy prices, too. Buy at Safeway and save money on your picnic and outing needs.

Belmont Resident Charges Patients With Trespassing

BELMONT, May 28.—Complaints voiced by Mrs. L. C. Vannier that patients of a nearby sanitarium trespass on her property, even to the extent of parking their cars in her garage, will be considered by the city council at a special session, it was decided last night. Mrs. Vannier, who spoke to the council about the situation, was asked to make her complaint in writing, after which the special session will be called. Other council business: Pohn Duffy made application to have the name of the Reed Sanitarium changed to the "Nerve Rest."

A. J. Becker of Belle Monti rec-

ommended that the council take some action in the movement to secure reduction of telephone rates.

John G. Smith, fire commissioner, asked the council to confer with WPA officials in regard to extending Fifth avenue over Belmont creek.

A permit was granted to Benjamin Tonelli for a building program amounting to \$20,000, in the Brookhaven tract. Tonelli will erect four homes and one store.

Hinman Recovering Following Operation

County Clerk Elmore B. Hinman, who underwent an operation last week in Dante Sanatorium, San Francisco, was reported at the hospital today to be "getting along very nicely." He will not be allowed visitors, however, until the end of this week, nurses said.

POSTAL FORCE MAKING PLANS FOR \$300,000 VETERAN PAYDAY

Preparations for a \$300,000 payday in Redwood City were being made today by Postmaster Robert E. O'Connell Jr., who for the occasion will be official paymaster.

Those who will receive the payments, which will be in the form of government bonds, will be nearly 600 World War veterans who live in the Redwood City-Menlo Park-San Carlos-Belmont-Coastside area.

Date of the payday probably will be June 16. The bonds, which will be in \$50 denominations, will leave the San Francisco postoffice at midnight Sunday, June 14. They will arrive here Monday by registered mail, and will be ready for distribution the following day.

Complete plans for handling distribution of the bonds have not as

yet been made by Postmaster O'Connell. The bonds can be delivered only in person to the veterans, according to first information received here, and then only on adequate identification.

Certification of bonds that will precede actual payment in cash for those who wish to turn them in will be made immediately after delivery, with payment by check following through the mail.

Postmaster General James Farley predicted in Washington today that "payment on a great majority of the bonus baby bonds will be made within a week of June 15, the first date of payment," according to the Associated Press.

Because of the rush of business in the local postoffice caused by the bond distribution, employees have not been allowed to arrange annual vacations during June.

Cars Are Needed To Take Kiddies On Park Outing

Wanted: Automobiles; for one day; free of charge.

That was the "want ad" sent out today by Miss Pansy Jewett, Abbot, county superintendent of schools.

Machines with drivers are urgently needed to take elementary school pupils to Memorial Park on Thursday of next week—big day of the year for the youngsters since it is their first "annual school excursion-picnic day."

More than 11,000 children in the county are eligible for the trip, but transportation by bus and teachers' machines can be provided for less than half. As the result, Miss Abbott has sounded the call for volunteers.

She emphasizes that adequate highway protection with escort to and from the park is to be provided by the state highway patrol.

A full day's program, including a concert by the county WPA orchestra, is planned for the youngsters, and this combined with the fact it will be the first opportunity for many to see the county's park, makes it desirable that every child be permitted to go.

Volunteers who can take machines are asked to telephone or write Miss Abbott at her office in Redwood City.

A German firm claims to have developed a special gas, easily handled, which will exterminate rodents, insects and weevils.

Mr. and Mrs. W. C. Dunlap have willed their \$10,000 ranch on the Pecos river to the Baptist General Conference of Texas.
